SUMMARY

Creative developer that is resilient, driven and determined to tackle any challenges through collaboration and systematic problem-solving. The ability to have a growth mindset is what I love about being a developer. The skills and experience I've gained at General Assembly, with my background in operations, accounting, and financial data analysis, will allow me to contribute to a development team right away.

EXPERIENCE

General Assembly, Boston, MA

Web Development Immersive (2018)

- Full-Stack Web Development Immersive Program is a 12-week, 500+ hour training program dedicated to giving students a deep dive into the world of web development, focusing on web development tools and best practices.
- **Ramen Quest** <https://doobin.github.io/ramen-quest-client/>
 - Single page app that allows users to search for ramen venues all over the world, see information for each venue, and keep track and rate the places they have been to. Built using React (front-end), Node.js and Express (API), MongoDB (database).
 - Project focus: third party API integration (Google Maps and FourSquare) and dynamic data rendering using React.
- **Best Survey** <https://lost-horizon.github.io/best-survey-client/>
 - SPA that allows users to create surveys and vote on all surveys. Built using JavaScript and jQuery (front-end), Node.js and Express (API), and MongoDB (database).
 - Group project using AGILE and pair programming principles.
 - As Project Lead, my focus was for the team to produce a MVP within the 4 day sprint.
- **Vertical Mile Challenge** <https://doobin.github.io/Vertical-Mile-Challenge-Client/>
 - SPA that allows users to keep track of vertical miles gained. Built using JavaScript and jQuery (front-end), Ruby on Rails (API), and PostgreSQL (database).
 - App with authentication system that allows users to CRUD data from a SQL database.
 - Integrated Bootstrap to be mobile responsive and enhanced UX design.

Encompass Health, Framingham, MA

Operations Coordinator, Northeast Region (2015 - 2018)

- Produced and managed all 19 hospital's daily/weekly/monthly financial reporting; includes projections, budgets, income statements, variance analysis.
- Maintain CRM databases in order to assist regional and hospital staff.

Global Wines Inc., Framingham, MA

Operations Coordinator (2015 - 2015)

- Managed Accounts Receivable
- Developed and optimized operation processes, including inventory management, distribution, and transportation.
